- C1 Cambridge English
- Degree MBO ICT
- Propaedeutic HBO-ICT

ABOUT ME

I am someone that enjoys learning and has already a lot of work experience in web development. Because of that I am not focussing more on application development. I got great communication skills and would like to broaden my experience by working in a team environment. I hope to one day become a game developer and will keep working towards that goal.

EDUCATION

HOSEI UNIVERSITY, TOKYO, JAPAN (EXCHANGE STUDENT) 2022 - 2023
MARKETING, DATA SCIENCE, PROBABILITY, JAPANESE LANGUAGE

NHL STENDEN, LEEUWARDEN (CURRENTLY 3ᴿᴰ YEAR) 2020 - today
HBO-ICT, SOFTWARE ENGINEER**

ALFA-COLLEGE, GRONINGEN (GRADUATED) 2017 - 2020
MBO BOL 4 ICT, APPLICATION ENGINEER*

RSG DE BORGEN, BRANCH LINDENBORG, LEEK 2015 - 2017
HAVO, NG/NT**

BONAVENTURA COLLEGE, LEIDEN 2012 – 2015
VWO* & HAVO, NG

SKILLS

I am fluent in Dutch, Italian, English and am currently studying Japanese.
I have graduated from a MBO Education in ICT, branch Application Development with 4 extra courses (Security, HBO preparation, HBO Mathematics, Deepening Software) rather than 2.
I am continuing my education in HBO-ICT and have gained a propaedeutic certificate within 1 year.
I followed a half a year exchange program at Hosei University, Tokyo, Japan focussing on Marketing, Data Science and Analytics, Probability models and the Japanese Language.
I earned a Cambridge English B2 Certificate (A grade) as well as Cambridge English C1 Certificate (B grade).

EXPERIENCE

- Internships:
  - Intern MBO ICT, KPN;
    Feb 2020 – Jul 2020

    KPN was my 2nd internship and at the same time my graduation project. KPN is one of the biggest telecompanies in the Netherlands. Since at my 1st internship there were no other ICT employees, I wanted to work in a team-based environment. I learned Python here by making an application to visualize and simplify processes for fellow employees.

  - Intern MBO ICT, Temporary replacement Graphic Designer, Brainconsultant;
    Sep 2018 – Feb 2019

    My 1st internship, I mostly learned a lot of communication skills. Brainconsultant is a secondment company. Because of that I was the only ICT employee there. I gained a lot of experience by doing multiple small projects for clients, and communicating with them, that know nothing about programming.

- Part-time jobs:
  - Delivery driver, Asianbite Express 2022
  - Kitchen staff, McDonalds; 2018 - 2019
  - Stock clerk, Jumbo; 2016

- Volunteer work:
  - Moderator on a Minecraft server; 2015 - 2017
  - Assistant in a horseback riding school for handicapped people; 2013
  - Assistant trainer at a gymnastics club Nieuw Brunhilde; 2010 – 2012

HOBBY'S

In my free time I am most of the time gaming or drawing. I enjoy being "creative" and am always enjoy learning new things, expanding my knowledge.

Used terms:
* VWO - pre-university education (atheneum).
** HAVO - senior general secondary education.
- NT – nature and technic branch
- NG – nature and health branch
*** MBO - secondary vocational education.
**** HBO - university of applied science (bachelor degree)
